WHAT DSO PRICING IS

DSO Pricing is a private membership built for growth-focused dental practices and emerging groups.

It gives you:

- **DSO-level buying power across key services**
- **Access to curated partners aligned with growth and profitability**
- **Direct connection to founders and experts who've scaled real practices**

So you can:

- **Protect and strengthen your margins**
- **Make smarter, more confident decisions**
- **Build a practice that scales with structure**

NOT JUST PRICING

Inside DSO Pricing, this isn't about theory.

You're getting:

- **Founders and practice owners who have scaled multi-location businesses**
- **Experts who have solved the exact challenges you're facing**
- **Partners focused on growth, profitability, and long-term value**

BUILT DIFFERENT

You won't get:

- **Endless vendor lists**
- **Conflicting advice**
- **Generic "discounts" that don't move the needle**

Instead, you'll get:

- **Curated, high-impact partners only**
- **Real-world insight from experienced founders**
- **Strategic alignment focused on strengthening margins**

WHO THIS IS FOR

- **$1M+ independent practices**
- **Multi-associate groups**
- **Emerging multi-location practices**
- **Owners expanding teams, operatories, or locations**

- **Practices focused on strengthening EBITDA and long-term value**

Most members see measurable margin improvement within the first 60–90 days

Even small improvements (1–3%) can translate into $50K–$150K+ annually depending on practice size

HOW IT WORKS

Simple. Strategic. Immediate.

1. **Join the membership**
2. **Unlock DSO-level pricing and curated partners**
3. **Implement with guidance from experienced founders and experts**
4. **Strengthen margins as you scale**

LET'S DO SOME MATH

Our members invest: $399/month

Most practices see meaningful margin improvement within the first 60 days of working with the right partners.

For a $4M practice…
A 2% improvement in margin = $80,000 per year

So the real question is:
Would you trade $4,788 to strengthen your margins and unlock $80,000+ in value?
